

# STATEMENT OF PURPOSE: "IT'S A PRIVILEGE TO PARTICIPATE THROUGH PRAYER FOR THE PURPOSE AND PROVISION OF GOD."

## *Let's Build the Kingdom Together*

We have been blessed beyond measure at the First Christian Church of Malvern. As you look through our history, you can see Jesus' hands and feet at work. We have a rich history of members stepping up to hear God's call. The vision and mission of the church is alive and active because of faithful members like you.

**Vision:** FCCM strives to be a reproducing, transforming community of authentic, growing disciples of Jesus Christ, being equipped as witnesses to live and proclaim His Kingdom in their world.

**Mission:** Presenting Jesus to people, so they believe in Jesus, belong to Jesus, and become like Jesus.

Because of God working through us, we have reached thousands of people in our community and missions around the world.

As a church, we continually strive to lead more people to Jesus, and grow the kingdom.

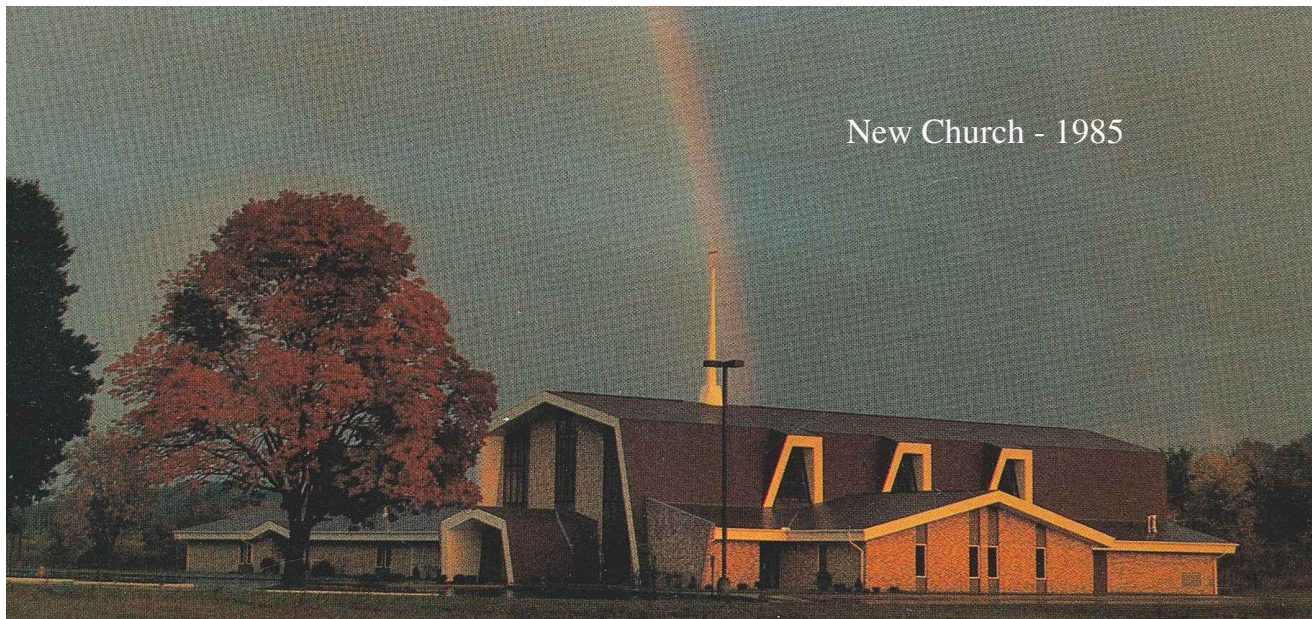

The leadership at FCCM is confident we can reach even more people with expansion of our existing space.

Through much prayer, the leadership has decided to move forward with a building project. With your participation, we can make this vision a reality. We are excited to witness increased ministry opportunities with a larger sanctuary; more classrooms; office complex; expanded lobby area; and café. We would love to have more space available for community events and meetings; we often have to turn people away due to scheduling conflicts. More classrooms would allow us to expand and promote our Sunday school program; we are constantly scrambling to find available rooms for classes. Finally, imagine being able to chat with a friend in the café between services and enjoy a cup of coffee with them. The fellowship and ministry opportunities are endless.

Why do we need more space?

What steps have we taken already?

On March 4, 2012, we added a second service to accommodate our growing numbers. The church building is used during the week by many community organizations. We often have to turn away local organizations because the building is already scheduled.

In 2016, we added a third service due to increased growth and limited space. We also removed walls between classrooms to allow for larger class sizes.

The youth group moved their meetings from the church to the "Porter House," the building once used as the church parsonage. We added a mid-week service on Thursday nights at 7 pm. All of these things were done to help with the space issue during worship services. We are still finding it difficult to schedule events and classes during the week and on Sundays. That brings us to today, how can we continue to grow the Kingdom with limited resources? The best answer is "The Kingdom Project," which will add a new sanctuary, classrooms, offices, and a larger lobby with seating and a café. The existing sanctuary and office complex will be utilized as the future Children's ministry area.
